ICCVE 2015

The 4th International Conference on Connected Vehicles and Expo in conjunction with The 2nd APEC Internet of Vehicles Symposium

Oct 19-23, 2015 | Shenzhen, China

"Advancing transportation with connectivity, automation, intelligence and electrification"

- Summits
- Industry Forums
- Paper Sessions
- Workshops
- Demos
- Exhibits
- Tutorials
- Tours

ICCVE 2015 is the world's premier Connected Vehicles conference that gathers all the relevant communities together, this year especially including the APEC (Asia-Pacific Economic Cooperation). During the 5-day conference, experts, practitioners and policymakers from all around the world will present the latest innovations and advances on connected vehicles, share the experience and insights, forecast the trends and opportunities, and discuss the policy, economics and social implications. We are proudly and excitedly inviting you to participate in and enjoy this world-class event.

Topics of interest include, but are not limited to:

- Wireless Communications and Vehicular Networking
- Mobile Internet, Mobility Internet and Internet of Things
- Cooperative Driving, Intelligent and Autonomous Vehicles
- Automotive Electronics and Automatic Control
- Transportation and Connected Vehicles
- Electric Vehicle and Transportation Electrification
- Geographic, Spatial and Social Information Systems
- Manufacturing and Product Safety Engineering in Connected Vehicles
- Practices, Recommendations and Standards in Connected Vehicles
- Policy, Economics and Social Implications of Connected Vehicles
- Connected Drones for Consumer and Commercial Uses New
- Smart Personal Vehicles New
- Shared Mobility: from Technology to Business New
- Cybersecurity in Vehicles and Transportation Systems New

Oct 19-23, 2015 | Shenzhen, China

Call for Papers

Prospective authors are invited to submit **full papers** (6 pages maximum with 2 additional pages allowed but at an extra charge) or **digest papers** (2 pages) to showcase results recently obtained in industry or academia. All submissions should be written in English, must be electronically submitted in PDF (IEEE standard format, double column, 10-point font, US letter), and will be peer-reviewed. Each submission will be reviewed by at least 6 independent reviewers. The anticipated acceptance rate is 30%. Accepted papers will be presented at the conference, published in the ICCVE 2015 Conference Proceedings, and submitted to IEEE Xplore®. The Proceedings will also be submitted for indexing through INSPEC, and EI's Engineering Information Index, Compendex, and ISI Thomson's Scientific and Technical Proceedings, ISTP/ISI Proceedings and Current Contents on Diskette, and Scopus.

Substantially extended versions of top quality papers will also be recommended for publication in the following IEEE journals:

- *IEEE Transactions on Industrial Electronics* (Current IF: 6.5)
- *IEEE Transactions on Industrial Informatics* (Current IF: 8.785)
- *IEEE Transactions on Consumer Electronics* (Current IF: 1.157)
- *IEEE Transactions on Intelligent Vehicles*
- *IEEE Intelligent Transportation Systems Magazine*
- *IEEE Consumer Electronics Magazine*
- *IEEE Systems Journal* (Current IF: 1.746)
- *IEEE Network* (Current IF: 3.72)

Industry Forums - Call for Speech Proposals

The ICCVE 2015 will hold Industry Forums designed to facilitate broad discussions on various aspects of Connected Vehicles. Speeches about technologies, practices, markets, policy, and social implications are all welcome. If you are interested in speaking at the ICCVE 2015 Industry Forums, please submit a simple proposal. Based on the submitted proposals, we will schedule forum sessions consisting of speeches and panel discussions. Each speech will be 20-30 min, depending on how full the agenda of a session would be.

Simple submission. Too busy to write a detailed proposal? Don't worry. At this stage, you only need to send a simple email as your proposal to our industry forums committee (forums@iccve.org). Just include the following items in the plain-text proposal:

- Title for the speech
- An abstract of the speech (no more than 200 words)
- Name, affiliation, and email address of the speaker
- A short biography of the speaker

No copyright transfer. You keep the copyright of your slides, so you can feel free to reuse them in part or in whole for other occasions.

Do not take the "Industry Forums" too literally. You are not an industry person? It doesn't matter at all. Speakers from academia, industry and government are all welcome.

Patronage and Exhibition Opportunities

Patrons and exhibitors will become a part of our business network that is being built to develop / deploy products and services across cars, trucks, equipment, trains, ships, airplanes and the Intelligent Highway. We want to help you meet potential customers from around the world that will be interested in your products and services. We will ensure that you will have access to the leaders of the new Connected Vehicles world during the conference and long afterwards.

A limited number of patronage opportunities and exhibition packages are available. Please inquire of our exhibits committee (exhibits@iccve.org).
